

## Fee Waiver Request for Field Trips

Zeum's school field trip program supports our mission to facilitate the integration of arts and technology into the classroom. In order to make Zeum accessible to all students from the Bay Area, Zeum offers reduced-rate and fee-waived programs. We evaluate each school individually, based on the needs of the entire school. Please complete all information and allow two weeks for the application to be processed. This form must be signed by the school principal. If you have any further questions, please call 415-820-3328.
